

To whom it may concern

I completely recommend Thomas Tamayo with United Breeze for all your HVAC needs. We have been using their services for several years now, and we have never been disappointed in either the quality of the work or the amount I've paid.

Thomas Tamayo and his team are dedicated and professional, and are not interested in doing something simply so they can charge you for it. Instead, they are committed to setting you up with the best possible system for your home, with a solid guarantee that protects you against future breakdowns. They also have an affordable maintenance package that essentially assures that you will be able to turn on your AC at the beginning of the summer, or your heater at the beginning of winter, and not worry about whether or not it will turn on for you.

United Breeze is an excellent HVAC company, and if you and your family want to stay cool in the summer or warm in the winter, you would be wise to choose them.

Sincerely,

*Stephen M. Petrucci*
