To whom it may concern:

In 2015, I had the pleasure to meet Tom Tamayo and the team at United Breeze. It was clear from our first meeting that Tom had a unique vision for his business and for the HVAC industry. Our initial meeting led to a strategic partnership between a startup venture that I led at Watsco Ventures and United Breeze.

In short, it was a great pleasure to do business with Tom and the United Breeze team. His technicians and staff consistently delivered on their commitments, and were thorough in their work. More importantly, Tom and team always *exceeded* the expectations of our customers.

Tom is a forward-thinking entrepreneur who understands the value of investing in a business partnership; and brings a long-term, strategic view to the table. It is with great pleasure, therefore, that I recommend Tom and United Breeze. If you'd like more information, please don't hesitate to contact me directly.

Kind regards,
